# Our Conker Hunt

The children enjoyed a wonderful autumn adventure looking through the grounds of the school for big shiny conkers. They had great fun looking through the autumn leaves and they found some very big conkers.

We rolled the conkers in paint and looked at the patterns the conkers made when we printed them on paper we talked about texture, colour, and shapes. The children described the conkers as prickly, spiky, hard, brown and round.

We all loved our conker hunt.

We also visited Billinge House and showed them the conkers that we had found.
