

Westholme School Coach Services 2023-24

Dear Westholme Family,

We are delighted to have partnered with StudentSafe to ensure our Westholme families receive the very best technology-led transport management solution. The solution underlines our commitment to safeguarding, as our number one priority, whilst also encouraging more parents to use the service to help reduce emissions on the school run.

The new Westholme School Transport Parent Portal can be found at:

www.westholme.pa.studentsafe.com

This new information hub is where you can find details of our coach routes, stops and termly pricing. With handy features, such as the postcode checker to find your closest stop, the portal delivers a host of benefits when booking your son or daughter's journeys to and from school.

The Studentsafe App can also be downloaded once you have booked your child's seats. The App offers useful tracking and route update notifications during live service.

There is an FAQs section on the Parent Portal below but if you have any questions about the new service; routes, stops, bookings etc please do contact our transport team at westholme@studentsafe.com or the Westholme office hub team 01254 506070. We reassess routes annually, dependent on demand. We're here to help!

With very best wishes,

Westholme School
