THE AIMS OF THE SCHOOL

In general we aim:
- To help each child to realise to the full her or his own aptitudes, abilities and qualities.
- To create a caring community in which pupils are offered help and guidance both academic and personal without unwarranted intrusion into their individual privacy.
- To provide a wide range of extracurricular activities to build pupils' self-confidence and enrich their talents and learning.

Our academic aims are:
- To provide a curriculum which offers a balanced course, including the skills of numeracy, literacy, communication and the study of the physical, social and aesthetic environment.
- To encourage a positive attitude to study.

Our social aims are:
- To create an environment in which students are encouraged to be courteous and considerate to others, respecting their property, personal dignity, opinions and abilities.
- To encourage all students to take an active part in the running of the community.

Our aims within the wider community are:
- To encourage students to play an active part in the local community socially, culturally, and in games and sports.
- To involve the community and especially the parents, in the life of the school, so far as is consistent with the articles of government of the school.
