

WESTHOLME TRIPS

SUMMER TERM 2025 - SUMMER TERM 2027

Pictured: Classics Trip to Italy

Our educational philosophy emphasises the balance we place on all subjects, clubs, societies and activities. Our complete, all-round education values the acquisition of key 21st century skills through memorable and fun experiences, which is why we have such a wide range of trips available. We have payment plans available to spread the cost to enable as many students as possible to take the plunge and enjoy the adventure!

"I am so glad I decided to go on the ski trip to Italy, my first time skiing without my parents. Despite a VERY early start the travel was easy and arriving at such a warm, comfortable hotel was amazing. The fresh powder skiing, the authentic Italian food and the various evening activities were all great (especially the taverna quiz and going to the crêperie with friends). Thank you also for arranging the sunshine. What a memorable experience. Sign me up for next year!"

Year 7 Student

"The summer expedition to Vietnam and Cambodia was most definitely something I will never forget. From a gruelling four-day trek, snorkelling in the clear blue seas to charity work painting a school for disadvantaged children, the whole trip really opened my eyes and made me incredibly grateful for this opportunity. My favourite part was spending time with and playing with the children from the school and seeing how happy they were in their environment. The whole trip created memories that I will treasure for a lifetime."
